

## End Trucks for Ship Unloading Equipment

### Features and Benefits

<b>INDUSTRY:</b>	Metals
<b>APPLICATION:</b>	Large Capacity Equipment for Ship Unloading
<b>PRODUCT:</b>	Customized End Trucks and Bogie Assemblies
<b>SERVICES:</b>	Design, Engineering, and Machining

The solution involved providing the customer with modifications to their existing crane to lift higher capacity loads.

**Industry Group:** Crane Manufacturers Association of American (CMAA)

*Girders, Saddles & Equalizer Beams*

### THE CHALLENGE

Provide customer with modifications to crane in regard to equalizing wheel load to lift large capacities.

### THE SOLUTION

A crane equipped with custom end trucks and bogie assemblies with multiple wheels to spread and balance load.

### THE RESULT

American Crane designed, engineered, and fabricated traverse girders, saddles, and primary equalizer beams, giving the crane the capability to lift high capacity loads.
