

PRODIRECT IS FAST, EASY & POWERFUL WAREHOUSE SOFTWARE

TIRED OF YOUR OUTDATED, UNRELIABLE WCS?

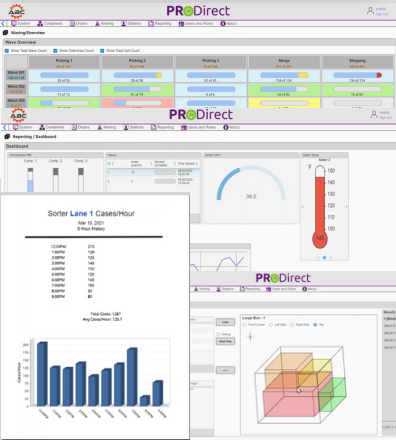

PRODirect is a WCS/WES software hybrid that monitors and controls your operation.

PRODirect is quickly deployed and connects seamlessly to your existing systems.

It is easy to use and provides the data and reports you need.

The diagram illustrates the integration of PRODirect Warehouse Software with an existing ERP system. It features a white zigzag line representing a data flow or interface. Two purple plug icons are shown, one on each side of the zigzag line, symbolizing the connection between the two systems. Below the diagram, the text reads: "Existing ERP" in green, "PRODirect" in purple with a gear icon, "PRO Solutions by DLN Integrated Systems" in small purple text, and "Warehouse Software" in large purple text.

WHY PRODIRECT?

1) **PRODirect is user-friendly.** Easy to learn, easy to use, compatible with any modern web browser.

2) **PRODirect solves your challenges.** Simulate your system running with PRODirect prior to implementation to adjust and improve.

3) **PRODirect helps you make fast decisions.** Alarms, customizable dashboards and easy reporting show you what actions to take.

4) **PRODirect is agile.** Be an active participant of your design. Easy to customize and expand as you grow.

5) **PRODirect puts you in control.** Built on standard platforms and integration with lower-level systems allows you access to make changes.

REPLACE YOUR BULKY, OUT-OF-DATE WCS WITH PRODIRECT

PRODirect is comprehensive warehouse software. Provides everything you need, nothing you don't.
