PLITEC

Foldable Wood Crates

a smarter way to box your valuables

VER 1.0
ENG

RAVIZZA PACKAGING brings a new breed of foldable wood crates onto US market.

ASSEMBLY SYSTEM

No need for nails nor screws
No power tools required

Solid and reliable construction, thicker plywood panels together with the improved assembly frame, provide the high quality needed to box and ship your valuable goods

ENHANCED STURDY CONSTRUCTION

Plitec boxes are made with 9mm thick (25/64"), 5 layers plywood, about 50% thicker than average folded wood crates on the market

Suited for Domestic, International and Dangerous goods shipments.
It's the only box you'll ever need.

ENVIRONMENTALLY FRIENDLY

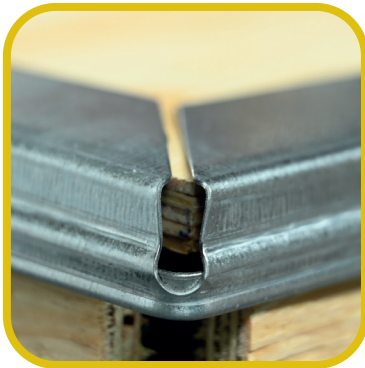

Because Forests Matter
All our crates are made and certified in accordance with **Forest Management Standards**

UNIQUE, ONE-PIECE PRE ASSEMBLED SIDE WALLS

Quick and Easy Assembly
Assemble your **PLITEC** box in seconds

IMPROVED METAL FRAME

0,7mm Galvanized sheet metal hinged corners, base and lid frames. Complete with slots and matching tabs for easy shut & lock.
4 Sharp tips on the metal frames guarantee stronger hold on the plywood

SAFETY FIRST

Smooth and rounded lids and base corners make the assembly easy and "cut & scratch free"
