# Protective Guard Nets

- Prevent injuries ■ Reduce product damage
- Quick, simple installation ■ Strong and easy to maintain
- Provide OSHA compliance
- Made-to-order to meet your needs

**CONVEYOR CATCH NETS  
ACCESSIBLE RACK GUARD NETS**

**PALLET RACK GUARD NETS  
BARRIER & CONTAINMENT NETS**

# APPLICATIONS

## Conveyor Catch Nets

Whether your conveyor system is overhead or located at ground level, you'll find Conveyor Catch Nets from Carron to be the simple solution to protecting your employees and saving products from damage and loss. Cost-efficient and easy to install, conveyor nets from Carron help you meet safety requirements under OSHA 1926.555. Install with our stock #76027 Quick Loops (see back) to easily retrieve fallen product and maintain equipment.

**Quick Loop**

## Pallet Rack Guard Nets

Installed on the back side of racks or in flue spaces between racks where regular access is not required, Pallet Rack Guard Nets from Carron provide an economical product retention and employee safeguarding solution that's custom designed to meet your needs. Offered in a variety of mesh sizes and load ratings, when properly installed these nets help comply with storage rack guarding requirements under OSHA 1926.250.

**Flush Mount**

**Offset**

## Accessible Rack Guard Nets

Carron's Accessible Rack Guard Net systems provide security and seismic protection while still allowing quick, easy access to product stored on racks and shelving systems without impeding loading. Nets can be lowered manually for single bay coverage or slid side-to-side to allow for coverage of multiple bay openings with a single net.

**Single Bay**

**Multi-Bay**

## Barrier & Containment Nets

**Segregation**

**Cart Nets**

Carron partners with manufacturers and end users to design nets for a wide variety of applications including nets for walkway protection and warehouse segregation, accessory nets for vehicles, factory cart nets, covers for pallets and transport containers, cargo nets and bird barrier and debris containment nets. Contact us for more information.

**Cargo Nets**

# NETTING SELECTOR GUIDE

Nets are made-to-order and constructed of 100% nylon in a range of mesh sizes and load ratings to meet your requirements. See reverse for installation hardware.

## Stock #76000

**Mesh: 1-3/4"**  
**Strength:**  
106 lbs tensile;  
250 lbs load rating  
**Application:**  
Light duty, general  
purpose protection  
and debris containment

## Stock #76010

**Mesh: 1-3/4"**  
**Strength:**  
340 lbs tensile;  
1250 lbs load rating  
**Application:**  
Multi-purpose  
mid-range protection  
for racks and conveyors

## Stock #76005

**Mesh: 3/4"**  
**Strength:**  
95 lbs tensile;  
250 lbs load rating  
**Application:**  
Light weight mesh  
for extra small  
item retention

## Stock #76015

**Mesh: 4"**  
**Strength:**  
340 lbs tensile;  
600 lbs load rating  
**Application:**  
General duty  
protection for large  
boxes and light weight  
pallet loads

## Stock #76006

**Mesh: 1"**  
**Strength:**  
140 lbs tensile;  
500 lbs load rating  
**Application:**  
Versatile protection  
for items of multiple  
shapes and sizes

## Stock #76020

**Mesh: 2-1/2"**  
**Strength:**  
904 lbs tensile;  
5000 lbs load rating  
**Application:**  
Our strongest mesh  
for extra heavy duty  
load retention

## Stock #76007

**Mesh: 1"**  
**Strength:**  
215 lbs tensile;  
1000 lbs load rating  
**Application:**  
Combines small item  
retention with the  
flexibility to handle  
more substantial loads

## Stock #76025

**Mesh: 4"**  
**Strength:**  
904 lbs tensile;  
2500 lbs load rating  
**Application:**  
Ideal for heavy objects  
or typical pallet loads;  
our most popular  
rack guard material
