KEEP YOUR INVENTORY SAFE WITH AN EASY-TO-ASSEMBLE PARTITIONING SYSTEM

► **STRUCTURAL INTEGRITY**
Our framed welded mesh that bolts into our posts gives Saf-T-Fence® superior strength and stability.

► **MODULAR SYSTEM**
The Saf-T-Fence® system consists of standard panels available in a variety of widths and heights.
► **IN STOCK**
We keep a large stock of our standard components in-house to ensure quick shipping for your urgent security needs.

► **MULTIPLE LOCK OPTIONS**
With doors available in multiple configurations, we're able to find the right solution for your project. If your required option doesn't show here, your local sales representative will work with you to find the best solution.

You don't have to build permanent walls to control access to your inventory, tools, supplies or documents—Saf-T-Fence® Partitions are a great, low-cost alternative! Our modular partitioning system provides security, structural strength and flexibility, all while allowing an unobstructed view of your property. The mesh pattern also allows for full air and light circulation with no change to your lighting or heating systems required.

Our modular system can be built in various heights by pairing our standard height panels in combination with multiple styles of doors. All pieces in the Saf-T-Fence® Partitioning system assemble and install with precision and ease.

Hinge door with cylinder lock

The angle panel kit can join two panels at any angle

The sturdy 6"× 2" footplate makes the system extremely stable

7' HIGH SYSTEM
