WHY QWIK-FENCE?

The Qwik-Fence® Pallet Rack Backing System is the perfect solution for securing pallet racks and bulk racks. This all-steel system provides fall-down protection for your company's most important asset—people. The open mesh design allows for quick visual inspection and allows water flow from sprinkler systems.

Multiple assembly options allows the Qwik-Fence® system to be mounted flush, or if preferred, mounted with a selection of stand-off brackets. Visually, the galvanized finish will keep your system looking new for years to come.
