

A PROVEN LEADER OF INTEGRATED SOLUTIONS

Rehrig Pacific is a leading authority on integrated sustainable solutions for both the supply chain and environmental waste industries. Our diverse customer list includes industry leaders in beverage, beer, retail, waste, ecommerce, bulk, dairy and bakery.

Our Mission: The Rehrig Pacific family celebrates our people and empowers them to create innovative solutions that effectively and responsibly move goods, resources and ideas.

Solutions: Rehrig Pacific Company Provides Innovative End-to-End Solutions to Help Improve Supply Chains and the Global Economy

Rehrig Pacific sits in a unique position - always leading the way with sustainable products and services which are at the forefront of integrated product design, technology and sustainability. We have four product offerings that provide complete end-to-end solution for our customers.

Core Plastics

Our Core Plastic solutions are a complete portfolio of sustainable, reusable, returnable products that are 100% recyclable at the end of life.

vision™

Vision Technology

Vision™ software suite provides multi-level visibility to your returnable assets and important insights to improve business efficiencies

fusion solutions

Fusion Material Handling

Fusion Solutions™ is a fully integrated line of material handling products specifically designed to improve direct store delivery, from the warehouse to the back office, by making the job easier and improving driver retention.

services

Services

Our highly skilled services teams bring in the field expertise in logistics, go-live training, and maintenance for both our retail and waste customers, providing invaluable benefits to their bottom line.

Over 100 Years of Proven Innovation

Founded in 1913, Rehrig Pacific expanded to include eight manufacturing facilities across North America, providing some of the shortest freight lanes in the industry. Our network of over 100 recycling facilities help close the loop on our plastic products, returning them home to be made into new Rehrig Pacific products at the end of life through our buyback program. We invest in trialing and utilizing alternative recycled plastic content including Ocean Bound plastics, Bulk Rigid, Post Consumer and stretch film, made possible by our R&D lab located in Kansas.

-  Rehrig Pacific Manufacturing Locations **8 Total**
-  Rehrig Pacific Logistics Service Centers **8 Total**
-  Rehrig Pacific Onsite Locations **36 Total**
-  Recycle Network Locations **OVER 100+**

Rehrig Pacific Values

The company's proven success comes from focusing on the needs of its customers' customer, integrating technology to eliminate waste, enhancing the consumer experience, continually delivering solutions that are simple and easy to implement, and providing ideas that are driven by a relentless commitment to sustainability. Rehrig Pacific's commitment to our mission and our values has resulted in an exceptional safety rating, industry recognition and being named a Great Place to Work.
