

Where TECHNOLOGY meets INNOVATION™

HAWKER®'s extensive line of modular, high-frequency chargers represents the future of motive power innovation. Backed by HAWKER®'s long tradition of high-frequency charging superiority, our modular chargers deliver advanced scalability, redundant power, and maximum flexibility to enhance your operations. This includes the compact LIFEPLUS® MOD3, LIFESPEED® MOD3, PTO™ MOD3, and LIFETECH™ MOD3 brands.

The innovative modular design of our chargers is fundamental. It allows each individual power module to operate independently. Even if one module stops working, the other modules continue charging the battery – this eliminates the risk of catastrophic failures and downtime.

ADVANTAGES of HAWKER® Modular Power:

- ⚡ Power you can count on
- 🔄 Eliminates downtime
- 🔗 Flexible, adaptable, and fast
- 🔧 Simplified service
- 📈 Scalability for future needs
- 🌿 Environmentally engineered

It's time to go modular with HAWKER®. Call 1.877.7HAWKER.
