GET TO KNOW
OUR PLATFORM

Configura provides software solutions for material handling manufacturers and system integrators to simplify the selling of complex warehouse solutions.

CREATE

Develop and control your product data in one location. Automate processes and create product rules to fit your business needs.

PUBLISH

Manage where your product data is published with our online tools. Easily update product pricing or push product updates to your sales teams.

CONSUME

Distribute your product data to Configura's professional and consumer solutions for an omnichannel sales approach.

INCREASE IN SALES

REDUCE DRAWING TIME FROM
MONTHS TO DAYS

CET MATERIAL HANDLING

CET brings salespeople, project managers and engineers together into one software to design, build, implement and sustain material handling solutions.

→ Bring new employees up to speed on products quicker with product parameters programmed into each product symbol

→ Use product from multiple manufacturers in one drawing

CONFIGURA

WHY CHOOSE
CONFIGURA?

Driven by our innovation, we're problem solvers at heart. Configura's sweet spot is creating space-planning software for highly configurable products and large spaces but with a unique approach. Our deep industry knowledge, experience and team of dedicated Configurans allows us to solve the unique challenges businesses face.

"CET WILL ALLOW OUR INDUSTRY TO PROVIDE **THE BEST POSSIBLE SYSTEMS** TO OUR END-CUSTOMERS. IT WILL TAKE TIME FOR THAT BENEFIT TO BE REALIZED THROUGHOUT THE INDUSTRY BUT HAS **BIG POTENTIAL."**

-Wayne Clemons, President at Talos
