Count on
Glacier Computer quality,
innovation and value.

Whatever challenges facing your business today, Glacier's rugged mobile computing systems are designed to provide the reliable platform needed to manage data, people, equipment and logistics with maximum efficiency.

The Glacier M340 is a multi-function, rugged handheld computer, running Windows Mobile 6.1, combining all the data collection and connectivity features you need; GPS, Bluetooth, barcode scanning, camera and voice. The M340 is designed with an innovative board-level ruggedization technique that provides an ultra light and durable form factor.

Standard configuration includes two batteries, com/charging cradle, power adaptor, three stylus pens, earphone-mic, ActiveSync CD and user manual. IP65 rated and drop tested to 5ft, the M340 weighs less than 12 ounces for fatigue free, all day use.
