CHAIN BINDERS

Kinedyne Chain Binders are engineered to provide the heavy-duty strength needed to effectively tension your chains for a tight, reliable hold. Our Chain Binders are competitively priced, come in many different styles, and are available for a variety of chain sizes.

PART NO.	IMAGE	STD QTY	SKID QTY	PRODUCT DESCRIPTION
10035		2	120	Ratchet Chain Binder for 5/16" – 3/8" Chain, WLL 5,400 lbs/2,450 kgs
10036		5	300	Lever Chain Binder for 5/16" – 3/8" Chain, WLL 5,400 lbs/2,450 kgs

COIL CHOCKS

Kinedyne Coil Chocks, also known as Coil Bunks, are used in conjunction with 4"x 4"s and other hardwood timber to stabilize metal coils in a secure position. Designed to prevent coils from shifting or rolling off a flatbed, our standard and heavy-duty Coil Chocks will keep your coils safe and in place.

FLATBED TRAILER PRODUCTS

WINCHES

Kinedyne Winches provide a reliable method for securing cargo on flatbed trailers and other vehicles. They are the heart of any tie-down assembly's strength, and Kinedyne provides a wide variety of styles to choose from to ensure ultimate control over your load.

WINCH TRACKS

Durable and reliable Kinedyne Winch Tracks allow sliding winches to be easily repositioned on a trailer. While winches glide smoothly when positioning them on the track, they lock firmly into place when tension is applied to the Winch Strap – providing a strong, reliable hold over valuable cargo.

ENCLOSED TRAILER PRODUCTS

Stuffing a trailer full of cargo without any means of securing it can result in damaged freight (not to mention a damaged trailer) — and unhappy customers.

To help you avoid this situation, Kinedyne carries an extensive selection of interior cargo securement hardware, including versatile logistic straps, durable logistic beams, and strong logistic bars that work flawlessly with our mounted logistic tracks. Each means of securement comes in a variety of shapes, sizes, styles, and strengths to fit any application.

PART NO.	IMAGE	STD QTY	SKID QTY	PRODUCT DESCRIPTION
1524		150	1,500	24" Steel Mount, Plate Door Pull
1845		44	880	Series E or A Wood Beam Socket; Zinc Plated With Positive Locking Mechanism
660001		20	1,200	Series E or A 6" Rope Tie-Off With FE8306-1 Fitting

DECKING/SHORING BEAMS

Kinedyne Logistic Beams, also called Decking/Shoring Beams, are a handy way of providing a securement option for cargo and creating a more organized space in the trailer. They help reduce freight damage, wasted time, and the number of trips required.

MORE INFO

PART NO.	IMAGE	STD QTY	SKID QTY	PRODUCT DESCRIPTION
FE8000-1		25	100	84" - 95" Heavy-Duty Series E or A Aluminum Beam
FE8000-12		25	100	91.9" - 102.3" Heavy-Duty Series E or A Aluminum Beam

LOGISTIC TRACKS

Kinedyne Logistic Tracks convert your trailer's walls and floors into dependable anchor points, simplifying the task of securing various cargo. When combined with Logistic Straps, Logistic Beams, and Logistic Bars, they provide a stable hold for valuable cargo while optimizing the use of the trailer's space.
