SAFETY MADE SIMPLE

FIRE CODE COMPLIANCE | PUSH-THROUGH PREVENTION
INSTALLS IN SECONDS | IMMEDIATE SHIPPING

RACK SAFETY STRAP - Keep palletized or shrink-wrapped items from pushing through into the flue space.

MODULAR SAFETY NETTING - Industrial safety netting product fall protection for walkways and work areas. Overlap for multiple bay protection.

SLIDING RACK SAFETY NET - Designed specifically for pick-and-pack operations, this net adds versatility to the front of picking bays, as the net slides for easy access to inventory.

FIXED RACK SAFETY NET - Keep loose or palletized items from pushing into the flue space or falling into a work area.
